

# Curriculum Newsletter

Year Three

Spring 2 2023

## Key Learning

**Maths** - How do 3-digit numbers change when I add and subtract?  
Measurement - Wait, what is weight? Revisiting number and place value of 3-digit numbers. What are equivalent fractions? How can I compare and order fractions?

**English** - How do authors write mystery stories? Exploring how to rewrite the ending of a mystery story. What is a news bulletin? How is a mystery recorded?

**Science** - What is a magnet? Understanding that magnets attract and repel. Do magnets always behave in the same way? What affects magnetic strength?

## Other Learning

**Geography** - Where am I? In-school fieldwork

**RE** - Changing emotions and the Easter story

**French** - Animals, movement and direction.

**DT** - What does a detective need to carry all their equipment? (Textiles)

**Computing** - How do we use the internet safely, respectfully and responsibly?

**PSHE** - How can we be safe on the computer?

**PE** - Dance and tennis skills

## It's a Mystery

## Home Learning

Plan and design a disguise for yourself. Take a photo of yourself in your disguise and bring it to school for a class display of 'Who's Who?'  
Will your class mates and teachers be able to identify you?

## Hook and Outcome

**Hook:** A crime has been committed! The children will be trained in the skills required to become detectives. Can they identify the clues and apprehend the suspect?

**Outcome:** The children will write their own ending to a mystery story and share it with their friends.
