

Curriculum Newsletter

Year 3

Summer 2 2023

Key Learning

English -Writing internal monologues for some key characters within a narrative. Using text as evidence and subject specific vocabulary. Writing an explanation text: instructions for mummification.

Maths - Measurement-Volume, capacity and scales. Geometry-Sort and classify 2d and 3d shapes. What is the value of money? Looking at amounts, change and problem solving. Word problems relating to all topics.

Science- Light and sight. What is needed for us to be able to see? What does light do when it hits different materials?

Other Learning

Computing - How can I use software to create a presentation? Exploring and using PowerPoint

DT - Can we make a moving information book? Using knowledge of levers and linkages, and fixed and loose pivots.

French - What have we learnt in French this year? Revisit colour, number, months and greetings.

PE – How can we work as a collaborative team? How do we choreograph a class dance using Egyptian music?

PSHE – How do I keep safe and stay safe?

History - How do we know about Ancient Egypt? What are the major achievements of the Ancient Egyptian civilisation?

Secrets of the Tomb

Home Learning

The children will be asked to research an area of interest within the Ancient Egyptians topic and create a replica artefact. For example, children might want to create a pyramid, an amulet or a tomb.

Hook

We will be exploring Ancient Egypt with Portals to the Past. We will hook the children in by sharing a selection of images from Ancient Egypt. They will then record the questions they have about the images and the era, discussing how we can investigate the answers.
