

Key Learning

English: The children will be creating a short science fiction story based on the book 'The Phoenix'. They will also be writing a description of a planet, using figurative language.

Maths:

Fractions, Geometry
Place Value with measurements

Other Learning

- Science : Learning about the sun, the planets and the moon
- Music : Learning to play the Ukelele using notation
- History : Learning about famous scientists and the history of space
- Geography : Learning about satelites and how they help us monitor landscapes
- RE: Understanding about prophecy and how this links to the Magi
- French: Learning to tell the time and talk about school subjects
- PE: Hockey and Gymnastics
- DT: Designing and building a space buggy, using levers and gears
- PSHE: How to keep safe

To Infinity and Beyond

Home Learning

Create your own planet!

The children can make a poster, a model or find their own way to tell us all about their planet.

Hook

Astronaut training morning, a planetarium experience, as well as a day of Black Hole poetry and art with a scientist from Southampton University.

Outcome

Science fiction writing competition
