

Key Learning

English: The children will be creating a short science fiction story based on the book 'The Phoenix'. They will also be writing a description of a planet, using figurative language.

Maths:

Using key skills to solve problems involving all 4 rules of number, including money and time.

Other Learning

Science : Learning about the sun, the planets and the moon.

Music : What music reflects the planets?

History : Learning about famous scientists and the history of space.

Geography : Learning about satellites and how they help us monitor landscapes.

RE: Understanding about Creation.

French: How to talk in French about sports and hobbies and learning about Bastille Day.

PE: Hockey and Keeping Fit.

DT: Designing and building a space buggy, using levers and gears.

PSHE: Learning about the change our bodies go through during Puberty.

To Infinity and Beyond

Home Learning

Create your own planet!

You could make a poster, a model or find your own way to tell us all about your planet.

Hook

Astronaut training morning, as well as a day of Black Hole poetry and art with a scientist from Southampton University.

Outcome

Science fiction writing competition
